

ARTISANAL & SMALL SCALE CO-OP FISHERS

- 1) This Permit entitles the holder to fish the **Non- Saleable Line-fish list Annexure "RF"** for own food and use only.
- 2) In addition to his fish caught for own use from shore, the holder may catch & sell fish & other organisms detailed below, beteen the hours of sunrise and sunset on a daily basis, subject to the limits indicated as to size and number listed under **"AS", "BS" and "CS."**
- 3) If the Permit is extended to allow fishing from a boat with line or rod and reel, **excluding in an Estuary**, the holder's catch for sale shall be as only per list **"AD"** in place of the three above.
- 4) If licence is extended to include the catching of West Coast Crayfish by ringnet, the holder may land three per day, which may be sold, but must comply strictly with the Rock Lobster section Regulations as attached.
- 5) Any boat shall be no longer than 4 metres and propelled either by Oars or an Outboard of a maximum of 15 Horsepower, and be limited to operating within one kilometer from the shore.

WEST COAST CRAYFISH

- 1) A Recreational fisher for West Coast Rock Lobster (Crayfish) must be in possession of a fishing Permit issued by a relevant authority, (ie. PO), which will entitle him/her to catch a maximum of 3 per day for own use or sale only, between 8h00 and back onshore by 16h00.
- 2) The season for a Recreational fisher to catch Crayfish is from 16th December to the 15th January plus the Easter weekend.
- 3) No person under the age of 12 shall be issued with such Permit.
- 4) No person shall have in their possession at any given time more than 3 Crayfish, together with their Permit.
- 5) No Crayfish in a person's possession shall be in berry, and all must be in a whole state.
- 6) The minimum size that may be caught is 80mm measured from the anterior spine on the carapace along a straight line to the centre of the posterior carapace edge.
- 7) No person may buy, barter or sell Crayfish caught with a Permit.
- 8) Crayfish caught through a Recreational Fishing Permit may only be landed by using a scoop, ringnet, baited line, snorkeling from the shore or from a non-commercially licensed boat.
